

The Out-of-Boundary Lottery is a service offered by DCPS to allow parents to apply for available seats in grades kindergarten through 12 at a school other than their child's assigned schools. The Pre-school and Pre-k Lottery takes place when the number of pre-school and pre-k applicants exceeds the number of available seats at a particular school. Students are not required to attend pre-school (3) or pre-k (4), and some schools are unable to accommodate all applicants. For more information on the Out of Boundary and Pre-school/Pre-k Lotteries, visit dcps.dc.gov.

This document shows the results of the Out of Boundary and Pre-school/Pre-k Lotteries for the 2009-2010 school year. **Please note the following** before reviewing this document:

SCHOOL/GRADE:

- This document reflects only the grade levels offered at each school for school year 2009-2010. Grade configurations are subject to change for school year 2010-2011.

SEATS AVAILABLE:

- This document reflects only the number of seats available for out-of-boundary and pre-school/pre-k students for school year 2009-2010. The number of seats available is subject to change for school year 2010-2011.
- The number of seats available to out-of-boundary students in each grade at each school is determined based on the school's enrollment projections for the coming year and the school's building capacity, with input from the principal.
- This document does not reflect the number of Head Start seats available for three- and four-year-olds who qualified. These seats were made available through a separate application process.

ADMITTED AND WAITLISTED IN INITIAL LOTTERY:

- This document reflects only the number of applicants who were offered a seat or waitlisted immediately following the lottery. It does not reflect the number of applicants who ultimately accepted the seat, nor does it reflect the number of applicants who were subsequently admitted from the waitlist.
- The DC Municipal Regulations (DCMR) allow for a preference in the Out-of-Boundary Lottery for a particular school if the applicant has a sibling at the school ("OOB w/ sibling"), or if the applicant lives within three blocks of an elementary school or five blocks of a secondary school ("OOB w/ proximity").
- The DCMR allows for a preference in the Pre-school / Pre-k Lottery for a particular school if the applicant lives in-boundary for the school, the applicant has a sibling at the school, or the applicant lives within three blocks of the school.
- Unless otherwise noted, these preferences were ordered in the following manner: In-boundary w/ sibling (if applicable), In-boundary (if applicable), OOB w/ sibling, OOB w/ proximity, and OOB (no preferences).
- All applicants to a particular school who are not admitted to that school through the lottery are placed on a waitlist for that school.
- In order to maximize the number of applicants who receive a seat at a school to which they've applied, applicants are not admitted into more than one school through the lottery. If, during the lottery, an applicant is placed into more than one school, he/she is given a seat at the highest ranked school and moved to the waitlist for all other schools on his/her application.
- For more information on how the lotteries work, visit dcps.dc.gov/oob.

the Watkins Montessori program is exempt from granting in-boundary, sibling, or proximity preference. The program seeks to admit students who represent economic diversity, a reasonable balance of genders, and a spectrum of ages within each grade range. *The dual language program at Oyster-Adams has two separate lotteries for pre-k, kindergarten and 1st grade students -- one for children whose dominant language is English, and another for those whose dominant language is Spanish. Admitted students are assessed to confirm their dominant language. In order to support the program's language acquisition goals, the Pre-k Lottery for Oyster-Adams grants preference to siblings first, regardless of boundary status. Also, in all grades the Oyster-Adams lottery grants preference to applicants who live in the former Adams school boundary.
